

ARTICLE 7

PERMITS AND PROCEDURES

7.1 Permit and/or Approval Required

7.1-1 Approval Required. No person shall undertake any activity subject to this Ordinance without first obtaining approval from the Town. Upon approval of the activity by the Town, a permit shall be issued for the approved activity. Certain permits are issued by agencies other than the Town of Stallings, as noted below; all other permits are issued by the Town. In any case where an application is made to operate more than one (1) use on a property, the *Development Administrator* shall determine which use or uses shall be the principal use or uses and the type of permit that is required; zoning compliance permit, Special Use Permit, or Use Listed with Additional Standards.

The permits and/or approvals required are:

- (A.) **Zoning permits** (also known as *Zoning Compliance Permit*) are issued by the Town of Stallings for all new use (See Table 8.1, Sections 1-3), building and/or development projects, which also applies to the following:
 - (1.) Special Event/Temporary Structures where required by Article 15 of this Ordinance
 - (2.) Signage (size, type, location, etc.) as required by Article 17 of this Ordinance
 - (3.) Site Development Plan/Preliminary Plat Approval
 - (a.) Zoning compliance (land use, density, open space, connectivity, tree preservation, parking, flood, watershed, etc.)
 - (b.) Public works compliance (utilities, street designs, stormwater, etc.)
 - (c.) Public safety compliance (fire lanes, hydrants, etc.)
 - (d.) Access compliance (driveway, street intersections, etc.)
 - (4.) Construction Plans
 - (a.) A grading plan shall be provided for review and approval in accordance with the procedures of this Ordinance to demonstrate both positive drainage characteristics and smooth grade transitions to avoid abrupt “v” ditches, swales and other disruptions to the landscape, particularly between dwellings. The use of crawl-space construction techniques and professional landscape design is

required to meeting this characteristic of site development.

- (b.) Infrastructure Plans (streets, water & sewer)
- (c.) Driveway Permit – NCDOT or Town (based upon responsible maintenance department)
- (d.) Stormwater Plans (BMP)
- (e.) Floodplain Development and Certification Permit
- (f.) Grading Permit - Issued by the North Carolina Department of Environment and Natural Resources (a.k.a. “NCDENR” or “DENR”) following issuance of *Zoning permit* by the Town of Stallings.

(5.) Subdivision ***Final Plat*** Approval

(B.) ***Building Permit***–Union County Building Inspections Department issues building permits following issuance of *Zoning permit* by the Town of Stallings.

(C.) ***Certificate of Occupancy*** (a.k.a. “CO”) - Union County Building Inspections Department issues upon final building inspections and site plan compliance approval by the Town.

7.1-2 Fees. The Town Council shall establish a Schedule of Fees, Charges and Expenses, and a collection procedure, for approvals and permits to be issued by the Town. No approval, permit, certificate, variance, etc. shall be processed and/or issued unless or until such charges have been paid in full.

7.2 Periodic Inspections

The *Development Administrator*, or his/her designee, shall have the right, upon presentation of proper credentials to enter on any premises within the Town's jurisdiction at any reasonable hour for the purposes of inspection, determination of plan compliance, or other enforcement action.

7.3 Permit Expiration

7.3-1 Expiration of Zoning Permits and Approvals. Permits and approvals, other than those identified in section 7.3-2 below, shall expire as set forth in the process for each permit and/or approval based upon permit and approval type detailed in Sections 7.5 through 7.13 of this Article.

7.3-2 Building Permit Expiration. The Union County Building Inspections Department may void a building permit for a project within the Town

jurisdiction if the authorized work has not begun within one-hundred and eighty (180) days after issuance of the permit, or work was commenced but was discontinued for a period of one (1) year.

7.4 Certificates Issued by Union County

The Town of Stallings in conjunction with the Union County Building Inspections Department issues certificates of occupancy, temporary certificates of occupancy, and certificates of floor elevation/flood proofing upon completion or partial completion of a building project.

7.5 Zoning permits (*Zoning Compliance Permit*)

7.5-1 Purpose. A *Zoning Compliance Permit (zoning permit)* is required for the construction or development of any new use within the planning and regulation jurisdiction of the Town of Stallings. In addition to new uses, a *zoning permit* shall also be required for expansions of existing uses, as well as for changes of use. The expedited procedure set forth immediately below shall be followed to obtain a *Zoning Compliance Permit* for the construction of single-family and duplex residential structures and expansions of uses and changes of use that do not require permits and/or approvals other than:

- (1.) Use permit,
- (2.) Driveway access permit, and/or
- (3.) Building permit.

7.5-2 Plan submittal.

(A.) Filing of application. An application for a *zoning permit* may be filed by the owner of the property or by an Officer duly authorized to execute on behalf of the owner, specifically authorized by the owner to file such application. Where an agent files the application, the agent shall provide documentation that the owner of the property has authorized the filing of the application. The application for a *zoning permit* shall be filed with the *Development Administrator* on a form provided by the *Development Administrator*.

(B.) Information required. Each application for a *zoning permit* shall contain the information required on the application form, including applicable *Site Development Plan* and *Construction Plan* as determined in Section 7.7 of this Article, showing the dimensions of the proposed use or uses and its location on the property or site. Other information necessary to show that the use or structure complies with the standards set forth in this Ordinance shall also be provided.

7.5-3 Staff review. The *Development Administrator* shall review the application and determine whether it is complete within ten (10) working days of its submittal, including the fulfillment of applicable fees duly paid. If the application is found to be incomplete, the *Development Administrator* shall notify the applicant of any deficiencies. No further steps shall be taken to process the application until the applicant corrects the deficiencies. The review of complete applications may vary depending upon the applicability of technical plans and specifications as outlined in this Article. In any event the *Development Administrator* shall issue a *zoning permit* only upon finding that the proposed development, use or structure satisfies the requirements set forth in this Ordinance.

7.5-4 Permit validity. Upon the approval of a *zoning permit*, the applicant shall have one year to obtain the required building permit(s) if any. Failure to obtain requisite building permit(s) within this time shall render the *zoning permit* void. The *Development Administrator* may grant a single extension of this time period of up to six (6) months upon submittal by the applicant of sufficient justification for the extension. Upon issuance of a building permit(s), the *zoning permit* shall remain valid as long as a valid building permit exists for the project. Any unapproved change, as determined by the *Development Administrator* in the approved plans shall render the *zoning permit* invalid and in violation of this Ordinance. Violations of this Ordinance are subject to the remedies and penalties pursuant to Article 23 of this Ordinance.

7.6 Special Events/Temporary Structures Zoning Permit

7.6-1 Purpose. To insure that proposed special events and temporary structures comply with the requirements of Article 15 and any other applicable standards and specifications of this Ordinance, no use that is classified as a special event requiring a permit, and/or no structure that is classified as a temporary structure and permitted as such in the zoning district in which it is located shall be placed or established on the property without first receiving a special event/temporary structure *zoning permit* from the *Development Administrator*.

7.6-2 Plan submittal.

(A.) Filing of application. An application for a special event/temporary structure *zoning permit* may be filed by the owner of the property or by an agent specifically authorized by the owner to file such application. Where

an agent, files the application, the agent shall provide the *Development Administrator* with documentation that the owner of the property has authorized the filing of the application. The application for a special event/temporary structure *zoning permit* shall be filed with the *Development Administrator* on a form provided by the *Development Administrator*.

(B.) Information required. Each application for special event/temporary structure *zoning permit* shall contain the information required on the application form. The application shall be accompanied by a *Sketch Plan* showing the boundaries of the property, the use of adjacent properties, the location of the special event or structure on the property, access and parking provisions, restroom facilities, and other information sufficient to show that the special event or structure complies with the standards set forth in Article 15 and any other applicable standards and specifications of this Ordinance. Persons seeking issuance of a special event/temporary structure *zoning permit* for an event shall file an application with a minimum of five (5) days prior to the proposed event date, unless this time frame is reduced in writing by the *Development Administrator*.

7.6-3 Staff review. The *Development Administrator* shall review the application and determine whether it provides the information required. The *Development Administrator* shall issue a special event/temporary structure *zoning permit* only upon finding that the proposed special event or temporary structure satisfies the requirements set forth in Article 15 and any other applicable standards and specifications of this Ordinance.

7.6-4 Permit validity. The special event/temporary structure *zoning permit* shall be valid only for the date(s) stated on the permit.

7.6-5 Public emergencies. In the event of a natural disaster, catastrophic event or public emergency the *Development Administrator* or her/his designee may waive any special event/temporary structure permit procedures and authorize the placement of temporary structures and other facilities that are deemed necessary or desirable in conjunction with the management of the emergency in accordance with Section 1.15.

7.7 Site Development and Construction Plan Approval(s)

7.7-1 Major Site Development and Construction Plans.

(A.) Purpose. The site development and construction plan review process is

required for development projects located within the Town of Stallings in order to prepare for expected impacts upon public services and facilities. This review process is established to assure that adequate services and facilities can be provided for these developments and to assure that they do not negatively impact the area in which they are proposed to be located or the Town as a whole. Proposed developments involving new construction, additions, renovations, and changes of use which fall into one or more of the following categories are subject to the major site development plan review process:

- (1.) New construction and changes of use.
 - (a.) Commercial buildings, structures, or developments with a gross floor area of more than one thousand (1,000) square feet;
 - (b.) Office or institutional buildings, structures, or developments with a gross floor area of more than two thousand and four hundred (2,400) square feet;
 - (c.) Any residential development containing more than 4 individual units; and/or
 - (d.) Any development where public streets are extended.
- (2.) Additions to existing buildings increasing gross floor area by fifty (50%) percent or more of the above threshold for new construction for that land use, or additions with a gross floor area of twenty-five (25%) percent of the above threshold for new construction for that land use if the resulting total gross floor area, when combined with the existing floor area, would result in a gross floor area meeting or exceeding the above threshold for new construction for that land use if the structure did not previously meet the above threshold.
- (3.) In the case of residential development, additions of four (4) or more dwelling units on one parcel of land.
- (4.) Properties located within one thousand and five hundred (1,500) feet of each other, under the same ownership and/or developed by the same developer over a period of three years or less shall be considered to be one development and reviewed as such.

(B.) Exemptions. Projects within the Town of Stallings involving new construction, additions, renovations, and changes of use which do not meet the minimum size requirements of the *Major Site Development Plan* review processes as set forth in Sub-section 7.7-1(A) above shall be

reviewed as *Minor Site Development Plans* in accordance with the provisions of Sub-section 7.7-2 of this Article.

(C.) Pre-application procedure. All applicants for major site development plan review are required to schedule a predevelopment conference with the *Development Administrator* prior to the preparation of development plans. This conference allows the applicant and *Development Administrator* an opportunity to discuss the review process, the requirements for completing the review schedule, contact persons for services and permits, and information regarding *Site Development Plans* and development requirements.

(D.) Site Development Plan submittal.

(1.) Application required. An application shall be required for all major site development plan review requests. This application shall contain pertinent information regarding the proposed project and shall be accompanied by a *Site Development Plan*. The *Site Development Plan* shall contain the following:

- (a.) Property boundaries with dimensions
- (b.) PIN for property
- (c.) Location of adjacent streets, right of ways, and utility easements
- (d.) Dimensioned footprint and setbacks of the existing and proposed structures with gross floor area indicated
- (e.) Dimensions of existing and proposed impervious surfaces
- (f.) Location and number of parking spaces
- (g.) Location and size of buffer and landscape areas
- (h.) Location of existing and proposed driveways and/or streets
- (i.) Location of all flood zones
- (j.) Location of adjoining properties and both the existing zoning designation and use of these properties
- (k.) Names and addresses of adjoining property owners
- (l.) Number of stories and overall height of all existing and proposed structures
- (m.) Location of proposed stormwater facilities
- (n.) Location of existing and proposed dumpster and recycling containers
- (o.) Generalized depiction or description of natural features on and immediately adjoining the site, including streams and other water

bodies, steep slopes, areas covered by tree canopy, etc., and
(p.) Other information determined by the *Development Administrator*
as necessary to evaluate the request.

(2.) Preparation by professional. *Site Development Plans* for developments requiring major site development plan review shall be prepared by a registered architect, engineer, landscape architect, or land surveyor licensed in the State of North Carolina for the work in which he is trained and licensed to perform.

(E.) Staff review.

(1.) Planning Department staff review. Plans for development requiring major site development plan review shall be reviewed by the *Development Administrator* for compliance with the requirements of this Article and standards and specifications of this Ordinance and the Technical Standards & Specifications Manual.

(2.) Submittal of plans to Development Administrator. The *Development Administrator* review the *Site Development Plans* for compliance with the applicable requirements of this Ordinance and other applicable Ordinances and laws, to which their respective jurisdiction applies. This review shall be made by the *Development Administrator* and by any other agencies or officials as requested by the *Development Administrator*.

(F.) Permit validity. Approval of *Site Development Plans* and *zoning permit* for developments requiring major site development plan review shall be valid for two (2) years from the date of approval. Failure to submit construction plans, initiate construction, or otherwise begin the permitted use, within this time shall render the site development plan approval void. The *Development Administrator* may grant a single extension of this time period of up to six (6) months upon submittal by the applicant of sufficient justification for the extension.

(G.) Site Construction Plans.

- (1.) Site Construction Plan required. A complete and comprehensive set of Site Construction Plans shall be required for all major site development plan review requests. This submittal shall contain pertinent information regarding the proposed project and shall be accompanied by the approved *Site Development Plan* per 7.7-1(E.) herein above illustrating any and all deviations from the approved Site Development Plan. The *Site Construction Plan* shall contain the following:
 - (a.) Property boundaries with dimensions
 - (b.) Location of adjacent streets/roads including existing right-of-way and/or easement(s)
 - (c.) Location and design of proposed streets including cross-sections in accordance with the Stallings Technical Standards & Specifications Manual, centerline profile(s), and the proposed right-of-way
 - (d.) Location of existing and proposed utilities, including easements associated with both
 - (e.) A grading plan showing existing and proposed contours demonstrating both positive drainage characteristics and smooth grade transitions to avoid abrupt “v” ditches, swales and other disruptions to the landscape, particularly between buildings where open space enhancements for use by persons actively utilizing the landscape and/or yard area. The use of crawl-space construction techniques in detached residential structures and professional landscape design is required to meet this characteristic of site development.
 - (f.) Location of existing and proposed stormwater detention, retention, collection, and conveyance facilities
 - (g.) Dimensions of existing and proposed impervious surfaces
 - (h.) Location of existing structures and either proposed structures or proposed building envelopes
 - (i.) Location and number of existing and proposed parking spaces, including loading spaces, maneuvering areas, and fire lane(s)
 - (j.) Location and size of buffer and landscape areas
 - (k.) Location of existing and proposed driveways and/or streets
 - (l.) Location of all flood zones
 - (m.) Location of adjoining properties and both the current zoning designation and use of these properties

- (n.) Names and addresses of adjoining property owners
 - (o.) Number of stories and overall height of all existing and proposed structures
 - (p.) Location of existing and proposed dumpster and recycling container area(s)
 - (q.) Generalized depiction or description of natural features on and immediately adjoining the site, including streams and other water bodies, steep slopes, areas covered by tree canopy, etc., and
 - (r.) Other information determined by the *Development Administrator* as necessary to evaluate the request.
- (2.) Preparation by professional. *Construction Plans* for developments requiring major site development plan review shall be prepared by a registered architect, engineer, landscape architect, or land surveyor licensed in the State of North Carolina for the work in which the professional is trained and licensed to perform.

7.7-2 Minor site development plan review process.

(A.) Purpose. The minor site development plan review process is required for development projects within the Town of Stallings involving new construction, additions, renovations, and changes of use which do not meet the minimum size requirements of the major site development plan review processes as set forth in Sub-section 7.7-1(A)., but do fall into one or more of the following categories.

- (1.) All new developments not meeting the threshold for major site development plan review, except residential projects containing not more than one dwelling unit;
- (2.) Additions with a gross floor area of one hundred (100) square feet or more (excluding single-family and duplex residential units);
- (3.) Additions that displace existing parking;
- (4.) Additions that generate the need for more parking;
- (5.) Renovations which exceed fifty (50%) percent of the assessed value of the building, as determined by the County Tax Assessor;
- (6.) Changes of use, where parking requirements are greater than those of the previous use;
- (7.) Properties located within one thousand and five hundred (1,500) feet of each other, under the same ownership and/or developed by the same developer over a period of three years or less shall be considered to be a single development and reviewed as such.

(B.) Plan submittal.

(1.) Application required. An application shall be required for all minor site development plan review requests. This application shall contain pertinent information regarding the proposed project and shall be accompanied by a conceptual *Site Development Plan*. The conceptual *Site Development Plan* shall contain the following:

- (a.) Property boundaries with dimensions
- (b.) PIN for property
- (c.) Location of adjacent streets and utility easements
- (d.) Dimensioned footprint and setbacks of the proposed structures with gross floor area indicated
- (e.) Dimensions of proposed increase in impervious surfaces
- (f.) Location and number of proposed parking spaces
- (g.) Location and size of proposed buffer and landscape areas
- (h.) Location of existing and proposed driveways and/or streets
- (i.) Location of all flood zones
- (j.) Location of adjoining properties and both the existing zoning designation and use of these properties
- (k.) Names and addresses of adjoining property owners
- (l.) Number of stories and overall height of all proposed structures
- (m.) Location of proposed stormwater facilities
- (n.) Location of proposed dumpster and recycling containers
- (o.) Generalized depiction or description of natural features on and immediately adjoining the site, including streams and other water bodies, steep slopes, areas covered by tree canopy, etc.
- (p.) Other information determined by the *Development Administrator* as necessary to evaluate the request.
- (q.) The application and conceptual *Site Development Plan* shall be submitted to the *Development Administrator*.

(2.) Preparation by professional. *Site Development Plans* for developments requiring minor site development plan review shall be prepared by a registered architect, engineer, landscape architect, or professional land surveyor licensed in the State of North Carolina for the work in which the professional is trained and licensed to perform.

(C.) Staff review.

(1.) Planning Department staff review.

Plans for development requiring minor site development plan review shall be reviewed by the *Development Administrator* for compliance with the requirements of this Article and standards and specifications of this Ordinance and the Technical Standards & Specifications Manual.

(2.) Submittal of plans to Development Administrator.

The *Development Administrator* review the *Site Development Plans* for compliance with the applicable requirements of this Ordinance and other applicable Ordinances and laws, to which their respective jurisdiction applies. This review shall be made by the *Development Administrator* and by any other agencies or officials as requested by the *Development Administrator*.

(D.) Permit validity. Approval of the *Site Development Plan* for projects requiring minor site development plan review shall be valid for one year from the date of approval. Failure to initiate construction, or otherwise begin the permitted use, within this time shall render the *Site Development Plan* approval null and void. The *Development Administrator* may grant a single extension of this time period of up to six months upon submittal by the applicant of sufficient justification for the extension.

7.8 Special use approvals

7.8-1 Purpose. Special uses are established to provide for the location of those uses which are generally compatible with other land uses permitted in a zoning district but which, because of their unique characteristics or potential impacts on the surrounding *Neighborhood* and the Town of Stallings as a whole, require individual consideration of their location, design, configuration, and/or operation at the particular location proposed. Such individual consideration may also identify cause(s) for the imposition of individualized conditions in order to ensure that the use is appropriate at a particular location and to ensure protection of the public health, safety, and welfare. Any use identified in Section 10.2 of this Ordinance as a special use in a zoning district shall not be permitted without the approval of the Town Council in accordance with the requirements and procedures set forth in this Section 7.8.

7.8-2 Pre-application conference procedure. Every applicant for a special use *zoning permit* is required to meet with the *Development Administrator* in a pre-application conference prior to the submittal of a request for approval of a special use. The purposes of this conference are to provide additional information regarding the review process and assistance in the preparation of the application

7.8-3 Plan submittal.

(A.) Filing of application. An application for a special use *zoning permit* may be filed by the owner of the property or by an agent specifically authorized by the owner to file such application. Where an agent files the application, the agent shall provide documentation that the owner of the property has authorized the filing of the application. The application for a special use *zoning permit* shall be filed with the *Development Administrator* on a form provided by the *Development Administrator*.

(B.) Information required. Each application for a special use *zoning permit*

shall contain all information identified as required by the *Development Administrator*. The application shall be accompanied by an electronic file copy plus at least two (2) paper copies of a *Site Development Plan* containing all information required by Section 7.7 of this Ordinance for filing(s) on the subject property.

(C.) Development Administrator review. Following submittal of the application and *Site Development Plans* for the special use, they shall be reviewed by the *Development Administrator* for compliance with the requirements of Section 7.8 of this Ordinance.

(D.) Submittal of plans to Development Administrator. This review shall be made by the *Development Administrator* and by any other agencies or officials as requested by the *Development Administrator*. The *Development Administrator* shall review the *Site Development Plans* for compliance with the applicable requirements of this Ordinance and other applicable Ordinances and laws, to which their respective departmental role applies.

7.8-4 Formal review.

(A.) Upon receipt of a notice from the *Development Administrator* of the applicant requesting a public hearing on the application and *Site Development Plan* for a special use *zoning permit*, a public hearing shall be scheduled. A public hearing before the Stallings Town Council shall be held for all special use *zoning permit* applications.

(B.) Action by the Stallings Town Council.

(1.) The Stallings Town Council shall consider the request within 35 days of receiving information regarding the special use *zoning permit* application from the *Development Administrator*.

(2.) The Stallings Town Council, after conducting the quasi judicial public hearing, may:

(a.) deny approval;

(b.) continue the application pending submittal of additional information; or

(c.) approve the proposed special use *zoning permit*.

(3.) The decision on the special use *zoning permit* application shall be by a simple majority vote of those members of the Stallings Town Council present at the meeting at which the action is taken.

(4.) The minutes of the Stallings Town Council shall state if the proposed special use meets or does not meet each of the conditions set forth in Section 7.8-5.(D), the standards set forth in Article 10 of this Ordinance for the proposed special use, and all other requirements set forth by this Ordinance for the proposed special use.

(C.) Findings and Conditions. In granting the *zoning permit*, the Council shall find there to be competent, material, and substantial evidence in the record to support these conclusions and the Town Council must find that all the below listed facts exist or the application shall be denied.

- (1.) That the use or development is located, designed, and proposed to be operated so as to maintain or promote the public health, safety, and general welfare;
- (2.) That the use or development complies with all required regulations and standards of this Ordinance and with all other applicable regulations;
- (3.) That the use or development is located, designed, and proposed to be operated so as not to substantially injure the value of adjoining or abutting property, or that the use or development is a public necessity; and
- (4.) That the use or development will be in harmony with the area in which it is to be located and conforms to the general plans for the land use and development of Town of Stallings and its environs.

(D.) Additional Conditions. In granting the special use *zoning permit*, the Town Council may designate only those conditions, in addition and in connection therewith, as will, in its opinion, assure that the use in its proposed location will be harmonious with the area in which it is proposed to be located, with the spirit of this Ordinance and clearly in keeping with the public welfare. All such additional conditions shall be entered into the minutes of the meeting, at which the special use *zoning permit* is granted, on the special use *zoning permit* itself, and on the approved plans. All specific conditions shall run with the land and shall be binding on the original applicants, their heirs, successors, and assigns. The special use *zoning permit*, as approved, shall be recorded by the *Development Administrator* with the Register of Deeds for the county in which the subject property is located the same as a deed restriction. The *zoning permit* recipient shall be responsible for paying the recording fee. No *building permit* shall be issued for the subject property until the recording is made.

7.8-5 Transfer of approval. A special use approval is not transferable from one property to another, but is transferred to a subsequent owner of the property to which applied.

7.8-6 Resubmission of denied applications. No application for approval of a special use shall be filed with, or accepted by, the *Development Administrator* that is identical or substantially similar to an application that has been denied by the Stallings Town Council within one year of the final action by the Town Council denying the request. This waiting period may be waived in an individual case, for good cause shown, by the affirmative vote of a majority of the members of Town Council.

7.8-7 Public notification. Notice of public hearings or public meetings required under this section for special use approvals shall be provided in accordance with the requirements established by the North Carolina General Statutes for public hearing notification. The owner of the subject parcel of land as shown on the county tax listing, and the owners of all parcels of land within five hundred (500') feet of that parcel of land as shown on the county tax listing, shall be mailed a notice of a public hearing on the proposed amendment by first class mail at the last addresses listed for such owners on the county tax abstracts. In addition, the *Development Administrator* shall prepare a public notice as described herein below which indicates the official receipt of an application and *Site Development Plan* for a special use *zoning permit* approval. This will serve to encourage public involvement in development projects in Stallings. Per G.S. § 160D-46, the notice shall be posted prominently on the site that is the subject of the hearing or on an adjacent street or highway right of way, in a conspicuous place at Town Hall, on the Town's website, or a combination of these two, at least ten (10) days prior to the date on which the application is to be considered. This notice for publication shall include the following: (*Amended September 23, 2019*)

- (A.) Brief description of the special use project proposed;
- (B.) The time, date, and place at which the request will be considered; and
- (C.) Contact information for staff receiving comments concerning the proposed special use.

7.8-8 Project phasing. If a project approved as a special use is to be developed in phases, a master plan for the entire development site must be approved by the Stallings Town Council at the same time and in the same manner the special use *zoning permit* application is considered.

- (A.) Final plans for phases of the special use may be submitted in stages and shall be approved by the *Development Administrator* provided that the

following requirements are met:

- (1.) All stages shall be shown with precise boundaries on the master plan and shall be numbered in the expected order of development;
- (2.) Each phase must be able to exist independently of subsequent phases by meeting all applicable laws and regulations as if the phase were a separate project;
- (3.) All the data required for the project as a whole shall be given for each stage shown on the plan;
- (4.) A proportionate share of the open space, common facilities, amenities, play areas, etc. shall be included in each stage of the development, except that centralized common facilities shall be guaranteed by bond or other irrevocable financial instrument valid for the duration of the project implementation period;
- (5.) The phasing shall be consistent with the traffic circulation, drainage, and utilities plan for the entire master plan for the special use; and
- (6.) Each phase of the special use must comply with any and all conditions attached to the approval of the special use *zoning permit* by the Stallings Town Council.

7.8-9 Variances. In issuing special use *zoning permits*, the Stallings Town Council may prescribe dimensional requirements (height, setback, etc.) that are different from the requirements of the corresponding general zoning classification, and may prescribe development and design standards that are different from those set out in Article 9; provided, that any request for a modification to a dimensional requirement or development and design standard that is less restrictive than would be applicable for the underlying general zoning classification must be specifically described in any notices required for the public hearing on the special use *zoning permit* application, and must be set out separately in any Ordinance issuing said special use *zoning permit*, together with an explanation of the reason for the modification. Except as modified pursuant to this paragraph, all standards and requirements applicable to the underlying general zoning district must be met. Variances to the standards established by any special use permit shall not be allowed, per Article 6 of this Ordinance.

7.8-10 Appeals. An appeal from the decision of the Stallings Town Council regarding a special use application and *Site Development Plan* may be made by an aggrieved party and shall be made to the Superior Court of

the county in which the subject property is located in the nature of certiorari. Any such petition to the Superior Court shall be filed with the court no later than thirty (30) days after a written copy of the decision of the Town Council is received by the applicant.

7.8-11 Permit validity. Approvals of a special use *zoning permit* application and *Site Development Plan* shall be valid for one year from the date of approval by the Stallings Town Council. Failure to initiate construction, or otherwise begin the permitted use, within this time shall render the special use approval null and void. The *Development Administrator* may grant a single extension of this time period of up to six (6) months upon submittal by the application of sufficient justification for the extension. Permits for the phased development of a special use project shall remain valid for the time approved by the Stallings Town Council as part of the special use approval of the master plan for the special use.

7.8-12 Failure to Comply with Plans or Conditions. In the event of failure to comply with the plans approved by the Town Council or with any other conditions imposed upon the special use *zoning permit*, the *zoning permit* shall thereupon immediately become void and of no effect. No building permits for further construction or certificates of occupancy under this special use *zoning permit* shall be issued. If a failure to comply with conditions in a special use *zoning permit* occurs after occupancy, the owner, lessee, or other responsible person shall be notified in writing of the violation. No earlier than five (5) days after the receipt of the written notice, the body issuing the special use *zoning permit* may issue a finding of fact that a violation of the requirements of this Ordinance exists. If such finding of fact is made, it shall be unlawful for any person, firm, or corporation to continue the special use until the responsible party makes the necessary corrections and the Town Council conducts a public hearing and finds that the violation no longer exists.

7.9 Uses Listed with Additional Standards

7.9-1 Purpose. Uses listed with additional standards are uses permitted by right, provided that the additional standards set forth in Section 10.1 of this Ordinance are met. The additional standards are intended to ensure that the uses fit the intent of the zoning districts within which they are permitted, and that the uses are compatible with other development permitted within the zoning districts. Review and approval of these uses are the authority of the *Development Administrator*, who has no discretion

to modify the additional standards.

7.9-2 Plan submittal.

(A.) Filing of application. An application for a *zoning permit* for a use with additional standards may be filed by the owner of the property or by an agent specifically authorized by the owner to file such application. Where an agent files the application, the agent shall provide documentation that the owner of the property has authorized the filing of the application. The application for a *zoning permit* for a use with additional standards shall be filed with the *Development Administrator* on a form provided by the *Development Administrator*.

(B.) Information required. Each application for a *zoning permit* for a use with additional standards shall contain all information required by the *Development Administrator*. The application shall be accompanied by a *Site Development Plan* meeting the requirements for *Site Development Plans* as established by Section 7.7 of this Ordinance.

7.9-3 Staff review. Notwithstanding the procedures applicable in Section 7.7 of this Ordinance, the *Development Administrator* shall review the proposed use and determine if the additional standards for that use have been met. If the additional standards have been met, the use shall be approved provided all other applicable standards and procedures have been met. Failure to meet all the additional standards shall result in denial of a *zoning permit* for the proposed use. The *Development Administrator* shall approve or deny the proposed use with additional standards or request more information, if needed, within ten (10) working days of submittal. If the application is found to be incomplete, the *Development Administrator* shall notify the applicant of any deficiencies. No further steps will be taken to process the application until the applicant corrects the deficiencies. The *Development Administrator* shall approve the use only upon finding that the proposed use satisfies all applicable requirements set forth in this Ordinance.

7.9-4 Permit validity. The *zoning permit* for a use with additional standards shall be valid for one year from the date of its issuance. Failure to initiate construction or otherwise begin the permitted use within this time shall render the *zoning permit* void. The *Development Administrator* may grant a single extension of this time period of up to six (6) months upon submittal by the applicant of sufficient justification for the extension.

7.10 Sign permits

7.10-1 Purpose. In order to regulate the provision of sign standards and sign restrictions within the planning and regulation jurisdiction of the Town of Stallings, it shall be unlawful to erect or maintain any sign or sign structure without first obtaining a sign *zoning permit*.

7.10-2 Application submittal.

(A.) Filing of application.

(1.) An application for a sign *zoning permit* may be filed by the owner of the property or signed by an agent specifically authorized by the owner to file such application. The application for a sign *zoning permit* shall be filed with the Town of Stallings *Planning Department* on a form provided by the *Development Administrator*.

(2.) Sign contractor's license. No person shall engage in the business of erecting or maintaining signs in the Town of Stallings unless said person has been issued a sign contractor's license which has not expired at the time said work is done. This requirement shall exclude those persons who construct and erect a principal use identification sign when that sign is used at that person's place of business, provided all construction and installation is properly permitted and inspected for compliance with the applicable building codes of the Town of Stallings and other sections of this Ordinance.

(B.) Information required. Each application for a sign *zoning permit* shall be accompanied by complete information as required by the *Development Administrator* and shall include, without being limited to, a *Site Development Plan* and elevation drawings of the proposed sign, a drawing of the building facade indicating the proposed location of the sign (if the sign is to be attached to a building), height, dimensions, square footage of the proposed sign, and any other data as the *Development Administrator* may determine to be necessary for review of the application.

7.10-3 Staff review. Provided the application for a sign *zoning permit* is complete, the *Development Administrator* shall review the application and determine whether it is complete within ten (10) working days of its submittal. If the application is incomplete, the *Development Administrator* shall notify the applicant of any deficiencies. No further steps shall be taken to process the application until the applicant corrects the deficiencies. The *Development Administrator* shall issue a sign *zoning*

permit only upon finding that the proposed sign or sign structure satisfies the requirements of Article 17.

7.10-4 Permit validity. Upon issuance of a sign *zoning permit*, the applicant will have six (6) months to commence work on the approved signage, after which the *zoning permit* shall automatically become null and void. The *Development Administrator* may grant a single sixty (60) day extension of time within which operations must be started or resumed. All requests for such extensions and approval thereof shall be in writing. Signs included in a Site Development Plan application and approval are subject to Permit Validity of Section 7.7 of this Article.

7.11 *Subdivision Plat Approval*

7.11-1 Major Subdivisions.

(A.) Purpose. The *Major Subdivision* review process is required for those divisions of land meeting the definition of “*Subdivision, Major*” appearing in Article 3 of this Ordinance. Review and approval of the *Preliminary Plat* by the *Development Administrator* is required under the *Major Subdivision* review process, with review and approval of the *Final Plat* made by the *Development Administrator*. (Amended May 14, 2018)

(B.) Pre-application procedure.

(1.) Conference. It is required that every applicant for a *Major Subdivision* meet with the *Development Administrator* in a conference prior to the submittal of a *Subdivision Plat*. The purpose of this conference is to provide clarification and assistance in the preparation and submission of *Plats* for approval.

(2.) Sketch Plan. A *Sketch Plan* shall be submitted to the *Development Administrator* prior to or at the pre-application conference. Upon submittal of the *Sketch Plan*, the *Development Administrator* shall conduct an initial review to determine whether the proposed *Subdivision* is a *Major Subdivision*.

(C.) Application and Preliminary Plat/Site Development Plan submittal.

(1.) Preliminary Plat(s) required. A *Preliminary Plat and Site Development Plan* for a proposed *Major Subdivision* shall be prepared by a registered architect, engineer, landscape architect, and/or land surveyor licensed in the State of North Carolina for the work in which

the professional is trained and licensed to perform; and shall be prepared in accordance with the standards set forth by the *Planning Department* and applicable state standards.

- (2.) Filing of application. A complete application containing all information as required by the Town of Stallings shall be submitted, along with applicable fees, to the *Development Administrator*.

(D.) Preliminary Plat/Site Development Plan for Major Subdivisions
submittal requirements.

- (1.) Application required. An application shall be required for all *Preliminary Plat/Site Development Plan for Major Subdivisions* review requests. This application shall contain pertinent information regarding the proposed project and shall be accompanied by a *Preliminary Plat/Site Development Plan for Major Subdivisions*. The *Preliminary Plat/Site Development Plan for Major Subdivisions* shall contain the following:
 - (a.) Property boundaries with dimensions
 - (b.) PIN for property
 - (c.) Location of adjacent streets, right of ways, and utility easements
 - (d.) Dimensioned footprint and setbacks of the existing structures
 - (e.) Location and size of buffer and landscape areas
 - (f.) Location of existing and proposed streets
 - (g.) Location of all flood zones
 - (h.) Location of adjoining properties and both the existing zoning designation and use of these properties
 - (i.) Names and addresses of adjoining property owners
 - (j.) Location of proposed stormwater facilities
 - (k.) Generalized depiction or description of natural features on and immediately adjoining the site, including streams and other water bodies, steep slopes, areas covered by tree canopy, etc., and
 - (l.) Other information determined by the *Development Administrator* as necessary to evaluate the request.

(E.) Staff review.

- (1.) Planning Department staff review.

Plans for *Preliminary Plat/Site Development Plan for Major Subdivisions* review shall be reviewed by the *Development Administrator* for compliance with the requirements of this Article.

(2.) Submittal of plans to *Development Administrator*.

This review shall be made by the *Development Administrator* and by any other agencies or officials as requested by the *Development Administrator*. The *Development Administrator* shall review the *Preliminary Plat/Site Development Plan for Major Subdivisions* for compliance with the applicable requirements of this Ordinance and other applicable Ordinances and laws, to which their respective departmental role applies.

(F.) Permit validity. Approval of the *Preliminary Plat/Site Development Plan for Major Subdivisions* shall be valid for two (2) years from the date of approval by the *Development Administrator* of the Town of Stallings. The *Final Plat* for the *Major Subdivision* shall be presented for approval prior to the end of the two (2) year period. Phased *Subdivisions* shall be exempt from this time limit as set forth in Section 7.11-1 (I.) (2.) of this Ordinance. (Amended May 14, 2018)

(G.) Site Construction Plans.

- (1.) Site Construction Plan required. A complete and comprehensive set of Site Construction Plans shall be required for all *Preliminary Plat/Site Development Plan for Major Subdivisions* review requests. This submittal shall contain pertinent information regarding the proposed project listed below and shall be accompanied by the approved *Preliminary Plat/Site Development Plan for Major Subdivisions* per 7.11-1 (E.) herein above illustrating any and all deviations from the approved *Preliminary Plat/Site Development Plan for Major Subdivisions*. The *Site Construction Plans* shall contain the following:
- (a.) Property boundaries with dimensions
 - (b.) Location of adjacent streets/roads including existing right-of-way and/or easement(s)
 - (c.) Location and design of proposed streets including cross-sections in accordance with the Stallings Technical Standards & Specifications Manual, centerline profile(s), and the proposed right-of-way
 - (d.) Location of existing and proposed utilities, including easements associated with both
 - (e.) A grading plan showing existing and proposed contours demonstrating both positive drainage characteristics and smooth grade transitions to avoid abrupt “v” ditches, swales and other disruptions to the landscape, particularly between dwellings. The

use of crawl-space construction techniques in detached residential structures and professional landscape design is required to meet this characteristic of site development.

- (f.) Location of existing and proposed stormwater detention, retention, collection, and conveyance facilities
 - (g.) Dimensions of existing and proposed impervious surfaces
 - (h.) Location of existing structures and either proposed structures or proposed building envelopes
 - (i.) Location and number of existing and proposed parking spaces, including loading spaces, maneuvering areas, and fire lane(s)
 - (j.) Location and size of buffer and landscape areas
 - (k.) Location of existing and proposed driveways and/or streets
 - (l.) Location of all flood zones
 - (m.) Location of adjoining properties and both the current zoning designation and use of these properties
 - (n.) Names and addresses of adjoining property owners
 - (o.) Number of stories and overall height of all existing and proposed structures
 - (p.) Location of existing and proposed dumpster and recycling container area(s) if applicable
 - (q.) Generalized depiction or description of natural features on and immediately adjoining the site, including streams and other water bodies, steep slopes, areas covered by tree canopy, etc., and
 - (r.) Other information determined by the *Development Administrator* as necessary to evaluate the request.
- (2.) Preparation by professional. *Construction Plans* for developments requiring major site development plan review shall be prepared by a registered architect, engineer, landscape architect, and/or land surveyor licensed in the State of North Carolina for the work in which the professional is trained and licensed to perform; and shall be prepared in accordance with the standards set forth by the *Planning Department* and applicable state standards.

(H.) Final Plat. *Plats* for recording *Major Subdivisions* shall be prepared by a professional land surveyor in accordance with the standards set forth by the applicable state standards and in accordance with the standards and specifications of this Ordinance. The *Final Plat* of a *Major Subdivision* shall be reviewed by the *Development Administrator* for compliance with

the requirements of this Ordinance and for conformity with the approved *Preliminary Plat*. Substantial changes from the *Preliminary Plat*, as determined by the *Development Administrator*, shall require an additional review by the *Development Administrator*, to ensure compliance. No *Final Plat* shall be approved by the *Development Administrator* until all improvements are installed, fees paid in lieu, or their execution guaranteed as permitted by this Ordinance and all certificates required for final *Plats* by this Ordinance or approvals by state law have been properly completed and signed. Provided the *Final Plat* is complete, and no further review is determined to be required, the *Development Administrator* shall act on the *Final Plat* of *Major Subdivisions* within ten (10) working days of receipt of the Mylar *Plat*. The *Development Administrator* is authorized to approve the *Final Plat* for recording and to present the *Final Plat* to the Town Council to grant approval and acceptance of dedications by resolution. Following *Final Plat* approval, the applicant shall record the *Plat* for a *Major Subdivision* in accordance with this Sub-section.

(I.) Signatures and recordation.

- (1.) Signatures. Upon approval of a *Final Plat* for *Major Subdivisions*, the *Plat* shall be signed in the appropriate place by the *Development Administrator* and by the owner(s). Additionally, approval shall be shown by a Certificate of Approval; Certificate of Review Officer; Certificate of Professional Land Surveyor; and Certificate of Ownership for recording. For *Major Subdivisions* installing new public infrastructure the following certificates shall also be shown where applicable: Certificate of Dedication; Certificate of Approval for Street and Road Maintenance; Certificate of Streets and Other Public Infrastructure Improvements; and Certificate of Water and Sewer System Approval. The language for these certificates appears at the end of Article 7 of this Ordinance.
- (2.) Recordation. A *Final Plat* for *Major Subdivisions* shall be recorded in the office of the register of deeds for the county in which the subject property is located in compliance with North Carolina General Statutes within sixty (60) days following approval by the Town of Stallings. No *Subdivision Plat* shall be considered finally approved until the *Plat* has been recorded. If the *Final Plat* of all or part of the area shown on an approved *Preliminary Plat* for a *Major Subdivision* is not recorded in the office of the register of deeds within two years of

the approval by the Town of the *Preliminary Plat*, the *Preliminary Plat* shall be resubmitted to the *Development Administrator* for consideration following the process set forth in this Article. *Final Plats* for *Subdivisions* developed in phases shall be recorded in accordance with the schedule presented by the applicant during the *Preliminary Plat* approval and approved as part of the *Preliminary Plat* approval process. If the *Final Plat* of all or part of the area shown on an approved *Preliminary Plat* for a *Major Subdivision* to be developed in phases is not recorded in the office of the register of deeds within the schedule approved by the Town, the *Preliminary Plat* shall be resubmitted to the *Development Administrator* for consideration following the process set forth in this Article. No lots in a *Subdivision* shall be sold prior to approval by the *Development Administrator* and recording of a *Plat* for the *Subdivision*.

7.11-2 Minor Subdivisions.

- (A.) Purpose. The *Minor Subdivision* review process is required for those divisions of land meeting the definition of “*Subdivision, Minor*” appearing in Article 3 of this Ordinance. Review and approval of the preliminary and *Final Plat* by the staff permits a speedy review while ensuring that the proposed *Subdivision* meets all requirements established by the Town of Stallings.
- (B.) Pre-application conference. It is required that every *Subdivision* applicant meet with the *Development Administrator* prior to the submittal of a *Minor Subdivision Plat*. The purpose of this conference is to provide clarification and assistance in the preparation and submission of *Plats* for approval.
- (C.) Plat submittal.
 - (1.) Plat required. *Plats* for *Minor Subdivisions* shall be prepared by a professional land surveyor licensed in the State of North Carolina for the work in which the professional is trained and licensed to perform; and shall be prepared in accordance with the standards set forth by the *Planning Department* and applicable state standards.
 - (2.) Filing of application. A complete application containing all information as required by the Town of Stallings shall be submitted, along with applicable fees, to the *Development Administrator*.
- (D.) Staff review.

(1.) Planning Department staff review.

Plans for development not requiring major site development plan review shall be reviewed by the *Development Administrator* for compliance with the requirements of this Article.

(E.) Final Plat approval.

(1.) Recordation and signatures.

(a.) Signatures. Upon approval of a *Plat* for *Minor Subdivisions*, said *Plat* shall be signed in the appropriate place by the *Development Administrator* and by the owner(s). Additionally, approval shall be shown by a Certificate of Approval; Certificate of Review Officer; Certificate of Professional Land Surveyor; and Certificate of Ownership for recording. The language for these certificates appears at the end of this Article.

(b.) Recordation. A *Plat* for *Minor Subdivisions* shall be recorded by the developer of Stallings in the office of the register of deeds for the county in which the subject property is located within sixty (60) days following approval by the *Development Administrator*. No *Plat* shall be considered finally approved until the *Plat* has been recorded. No lots in a *Subdivision* shall be sold prior to approval by the *Development Administrator* and recording of a *Plat* for the *Subdivision*.

(F.) Permit validity. *Minor Subdivision Plats* which have been granted approval shall be recorded as set forth in section 7.11-2 (E.) (1.) (b.) above within sixty (60) days following approval or the approval becomes invalid.

7.12 Floodplain development and certification permit

7.12-1 Purpose. No approval shall be granted for construction in an area designated as a special flood hazard area as shown on the *Flood Insurance Rate Maps (FIRM)* for the Town of Stallings, as provided by the Federal Emergency Management Agency, and adjoining lands, which, because of their characteristics, the Town identifies as being susceptible to flooding or determines as being susceptible to flooding or damage by flooding until the requirements of Article 18 of this Ordinance are met. Procedures for assuring compliance with these requirements are set forth below.

7.12-2 Pre-application procedure. Developers are required to meet with the

Floodplain Administrator, prior to submitting an application for development in the designated a *Special Flood Hazard Area*. This will provide developers with the opportunity to obtain information regarding details of the application process and regulations affecting development within *Special Flood Hazard Areas*.

7.12-3 Plan submittal.

- (A.) Application required. Application for a floodplain development permit shall be made to the *Floodplain Administrator*, herein after the *Town Engineer*, prior to performing grading, development, or construction on lands designated as *Special Flood Hazard Areas*. Applications shall be made on forms furnished by the *Town Engineer*, shall provide all requested information, and shall be accompanied by a *Site Development Plan*. The application, with all requested information, and *Site Development Plan* shall be provided to the *Town Engineer*.
- (B.) Plan required. A *Site Development Plan* drawn to scale shall be provided with the application for a *Floodplain Development Permit*. The *Site Development Plan* shall include, but shall not be limited to, the following specific details of the proposed floodplain development:
- (1.) The nature, location, dimensions, and elevations of the area of development/disturbance; existing and proposed structures, utility systems, grading/pavement areas, fill materials, storage areas, drainage facilities, and other development;
 - (2.) The boundary of the special flood hazard area as delineated on the FIRM or other flood map as determined in this section, or a statement that the entire lot is within the special flood hazard area;
 - (3.) Flood zone(s) designation of the proposed development area as determined on the FIRM or other flood map as determined in Article 18;
 - (4.) The boundary of the floodway(s) or non-encroachment area(s) as determined in Article 18;
 - (5.) The *Base Flood Elevation* (BFE) where provided as set forth in Article 18;
 - (6.) The old and new location of any watercourse that will be altered or relocated as a result of proposed development;
 - (7.) Certification of the plot plan by a registered professional land surveyor or professional engineer;

- (8.) Proposed elevation, and method thereof, of all development within a *Special Flood Hazard Area* including but not limited to:
 - (a.) Elevation in relation to mean sea level of the proposed reference level (including basement) of all structures;
 - (b.) Elevation in relation to mean sea level to which any non-residential structure in Zone AE or A will be flood-proofed; and
 - (c.) Elevation in relation to mean sea level to which any proposed utility systems will be elevated or flood-proofed;
- (9.) If flood-proofing, a Flood-proofing Certificate (FEMA Form 81-65 or subsequent current version) with supporting data and an operational plan that includes, but is not limited to, installation, exercise, and maintenance of flood-proofing measures.
- (C.) A Foundation Plan, drawn to scale, shall be submitted with the application. The foundation plan shall include details of the proposed foundation system to ensure all provisions of this Ordinance are met. These details include but are not limited to:
 - (1.) The proposed method of elevation, if applicable (i.e., fill, solid foundation perimeter wall, solid backfilled foundation, open foundation on columns/posts/piers/piles/shear walls); and
 - (2.) Openings to facilitate equalization of hydrostatic flood forces on walls in accordance with Article 18, when solid foundation perimeter walls are used in Zones A and AE;
- (D.) Usage details of any enclosed areas below the regulatory flood protection elevation.
- (E.) Plans and/or details for the protection of public utilities and facilities such as sewer, gas, electrical, and water systems to be located and constructed to minimize flood damage;
- (F.) Copies of all other Local, State and Federal permits required prior to floodplain development permit issuance (Wetlands, Endangered Species, Erosion and Sedimentation Control, Riparian Buffers, Mining, etc.)
- (G.) Documentation for placement of Recreational Vehicles and/or Temporary Structures, when applicable, to ensure Article 18 of this Ordinance are met.
- (H.) A description of proposed watercourse *alteration* or relocation, when applicable, including an engineering report on the effects of the proposed

project on the flood-carrying capacity of the watercourse and the effects to properties located both upstream and downstream; and a map (if not shown on plot plan) showing the location of the proposed watercourse *alteration* or relocation.

7.12-4 Preparation by Professional. *Plats*, plans, designs, calculations, working drawings, and specifications for work shall be prepared by an authorized professional properly registered and licensed in North Carolina for the work in which they are engaged.

7.12-5 Submittal of Plats/Plans. Applications for floodplain development and certification permits, with all required information, shall be submitted to the *Town Engineer*. All review(s) shall be coordinated by the *Development Administrator*.

7.12-6 Staff Review. Plans for development requiring site development plan review shall be reviewed by the *Development Administrator* for compliance with the requirements of this Article.

7.12-7 Permit Requirements. The Floodplain Development and Certification Permit shall include, but not be limited to:

- (A.) A description of the development to be permitted under the floodplain development permit;
- (B.) The *Special Flood Hazard Area* determination for the proposed development per available data specified in Article 18 of this Ordinance;
- (C.) The regulatory flood protection elevation required for the reference level and all attendant utilities;
- (D.) The regulatory flood protection elevation required for the protection of all public utilities;
- (E.) All certification submittal requirements with timelines;
- (F.) A statement that no fill material or other development shall encroach into the floodway or non-encroachment area of any watercourse, as applicable;
- (G.) The flood openings requirements, if in Zones A and AE; and
- (H.) Limitations of below BFE enclosure uses (if applicable). (i.e., Parking, Building Access and Limited Storage only).

7.12-8 Certification of Floor Elevation/Flood-proofing. When a property is located in a flood hazard area or when a structure is flood proofed, a certificate shall be provided in accordance with the following standards.

(A.) Elevation Certificates.

- (1.) An Elevation Certificate (FEMA Form 086-0-33 or subsequent current version) is required prior to the actual start of any new construction. It shall be the duty of the permit holder to submit to the *Town Engineer* a certification of the elevation of the reference level, in relation to mean sea level. The *Town Engineer* shall review the certificate data submitted. Deficiencies detected by such review shall be corrected by the permit holder prior to the beginning of construction. Failure to submit the certification or failure to make required corrections shall be cause to deny a floodplain development permit.
- (2.) An Elevation Certificate (FEMA Form 086-0-33 or subsequent current version) is required after the reference level is established. Within seven (7) calendar days of establishment of the reference level elevation, it shall be the duty of the permit holder to submit to the *Town Engineer* a certification of the elevation of the reference level, in relation to mean sea level. Any work done within the seven (7) day calendar period and prior to submission of the certification shall be at the permit holder's risk. The *Town Engineer* shall review the certificate data submitted. Deficiencies detected by such review shall be corrected by the permit holder immediately and prior to further work being permitted to proceed. Failure to submit the certification or failure to make required corrections shall be cause to issue a stop work order for the project.
- (3.) A final as-built Elevation Certificate (FEMA Form 086-0-33 or subsequent current version) is required after construction is completed and prior to Certificate of Compliance/Occupancy issuance. It shall be the duty of the permit holder to submit to the *Town Engineer* a certification of final as-built construction of the elevation of the reference level and all attendant utilities. The *Town Engineer* shall review the certificate data submitted. Deficiencies detected by such review shall be corrected by the permit holder immediately and prior to Certificate of Compliance/Occupancy issuance. In some instances, another certification may be required to certify corrected as-built construction. Failure to submit the certification or failure to make

required corrections shall be cause to withhold the issuance of a Certificate of Compliance/Occupancy.

(B.) Flood-proofing Certificate. If non-residential flood-proofing is used to meet the regulatory flood protection elevation requirements, a Flood-proofing Certificate (FEMA Form 81-65 or subsequent current version), with supporting data and an operational plan, is required prior to the actual start of any new construction. It shall be the duty of the permit holder to submit to the *Town Engineer* a certification of the flood-proofed design elevation of the reference level and all attendant utilities, in relation to mean sea level. Flood-proofing certification shall be prepared by or under the direct supervision of a professional engineer or architect and certified by same. The *Town Engineer* shall review the certificate data and plan. Deficiencies detected by such review shall be corrected by the applicant prior to permit approval. Failure to submit the certification or failure to make required corrections shall be cause to deny a floodplain development permit. Failure to construct in accordance with the certified design shall be cause to withhold the issuance of a Certificate of Compliance/Occupancy.

7.12-9 Permit validity. Permits for construction activity in designated flood hazard areas shall be valid for one (1) year. Failure to initiate construction, or otherwise begin the permitted use, within this time shall render the permit void.

7.13 Zoning Vested Rights Approval

7.13-1 Purpose. The zoning vested right is a right which is established pursuant to G.S. §§ 160D-102; -18(d); -603.1 to undertake and complete the development and use of property under the terms and conditions of an approved site specific development plan. Upon issuance of a building permit, the expiration provisions of G.S. §§ 160D-403 (f); -1113 shall apply, except that a building permit shall not expire or be revoked because of the running of time while a zoning vested right under this Section 7.13 is outstanding. Obtaining *Site Development Plan* approval or *Preliminary Plat Subdivision* approval through the vested rights procedure gives the applicant the right to start construction of the development as approved within two (2) years of approval. A vested right is obtained:

(A.) Automatically when either a conditional zoning or a special use permit is granted by virtue of Town Council approval;

- (B.) Automatically when a *Subdivision Plat* is approved and the *Plat* recorded in accordance with the procedure set forth in this Ordinance; and
- (C.) Automatically when the Town Council approves a site-specific development plan submitted by a developer in conjunction with an application for a *zoning permit* with vested rights as described below.

7.13-2 Application procedure.

(A.) Pre-Application Conference. The applicant for *Site Development Plan* approval with vested rights shall meet with the *Development Administrator* to inquire about specific zoning requirements. The applicant and the *Development Administrator* shall discuss the *Site Development Plan* review process and applicable meetings, scheduling, and deadlines. In addition, the *Development Administrator* shall advise the applicant of the specific requirements the project needs to address and discuss other aspects of the vested rights procedure.

(B.) Plan submittal.

- (1.) Filing of application. In order to apply for *Site Development Plan* review under the vested rights procedure, the applicant must indicate his/her intent to obtain vested rights in the form of a letter to the *Development Administrator*. The letter shall include the property address, County Tax Office parcel identification number, name of the property owner, and any other pertinent information.
- (2.) *Site Development Plan* required. *Site Development Plans* prepared in accordance with the standards set forth by this Ordinance shall be submitted when applying for vested rights. The standards for the *Site Development Plan* to be submitted depend upon the particular review process and are specified in sections 7.7 and 7.11 of this Ordinance for the particular review process.

7.13-3 Staff review. The *Development Administrator* shall review the application and accompanying *Site Development Plan(s)* for compliance with the requirements of this Ordinance and other applicable regulations. After review and approval through the appropriate staff level review process, the request for vested rights will be scheduled for a public hearing before the Stallings Town Council. The public hearing will be scheduled as provided by the Town Council's rules of procedure.

7.13-4 Formal review. Requests for vested rights for *Site Development Plans*

shall be scheduled for review at the next regular meeting of the Stallings Town Council following review and approval by staff and/or the applicable advisory boards. At this time, the Town Council shall hold a public hearing to review the *Site Development Plan* and evaluate its conformance with the requirements of this Ordinance and other applicable requirements of the Town of Stallings. In considering an application for *Site Development Plan* approval with vested rights, the Town Council shall give due regard to whether issuance of the permit would serve the purpose and intent of this Ordinance, secure public safety and welfare, and do substantial justice. If the Council should find, after public hearing, that the proposed permit should not be granted, the permit should be denied. If the Town Council finds that the request meets the requirements stated above, it then shall take one of the following actions.

- (A.) Approve the *Site Development Plan* with vested rights request. The *Development Administrator* is then directed to issue a vested rights *zoning permit*.
- (B.) Approve the *Site Development Plan* with vested rights request subject to conditions which are necessary to protect the public health, safety, and welfare. The *Development Administrator* is then directed to issue the vested rights *zoning permit* subject to the changes in the *Site Development Plan* to be made by the developer.
- (C.) Continue the *Site Development Plan* with vested rights request pending the submittal of additional information.

7.13-5 Findings. In granting a *zoning permit* with vested rights the Town Council shall make the following affirmative findings.

- (A.) The use requested is among those permitted in the district in which the property is located and complies with all the requirements of this and other applicable Ordinances;
- (B.) The requested permit is either essential or desirable for the public convenience or welfare;
- (C.) The requested permit will not impair the integrity or character of the surrounding or adjoining districts and will not be detrimental to the health, safety, or welfare of the community; and
- (D.) Adequate utilities, access roads, drainage, sanitation and/or other

necessary facilities have been or are being provided.

7.13-6 Additional Restrictions and Requirements. In granting a *zoning permit* with vested rights, the Town Council may impose such additional restrictions and requirements upon the permit as it may deem necessary in order that the purpose and intent of this Ordinance are served, public welfare secured, and substantial justice done. Approval of a site specific development plan with the condition that a variance or modification be obtained shall not confer a vested right unless and until the necessary variance or modification is obtained. If all requirements and conditions are accepted by the applicant, the Town Council shall authorize the issuance of the permit; otherwise the permit shall be denied. Any permit so authorized shall remain vested for two (2) years from the date of the action granting the permit. No change or amendment to any *zoning permit* with vested rights shall be made except after public hearing and except as provided for in this Ordinance for the original issuance of such permit. If, at the time of consideration of a proposed change or amendment to an existing permit, the permit or proposed change or amendment could not be lawfully made under Ordinance conditions existing at that time, the proposed change or amendment shall be denied. In addition, in no case shall there be an extension of the two-year time period for which the development right is vested. Nothing herein shall exempt plans related to the permit from subsequent reviews and approvals to ensure compliance with the terms and conditions of the original approval, provided that such reviews and approvals are not inconsistent with the original approvals.

7.13-7 Variances. Variances from the procedures and requirements for obtaining vested rights as set forth in Section 7.13 of this Article shall not be permitted. Requests for variances from the development standards established by this Ordinance shall be heard by the *Board of Adjustment* under the procedures established by Article 6 of this Ordinance.

7.13-8 Permit validity. A zoning right that has been vested as provided in section 7.13 shall remain vested for a period of two years from the date the permit is issued. This vesting shall not be extended by any amendments or modifications to a site specific development plan unless expressly provided by the approving authority at the time the amendment or modification is approved. A *zoning permit*, special use permit, or *Subdivision* approval shall not expire or be revoked because of the running of time while a zoning vested right under this section is

outstanding. A vested right shall terminate under the termination conditions as specified in Sub-section 7.13-6 of this Ordinance.

7.13-9 Violations. Violations of the terms and/or conditions of the vested rights approval shall be considered a violation of this Ordinance and shall be subject to the enforcement and penalty provisions set forth in Article 23 of this Ordinance. In addition, the Town Council may, after public hearing, revoke any such vested rights for failure to abide by any such term or condition.

7.13-10 Status at Expiration of Term. A right which has been vested shall terminate at the end of the two-year vesting period with respect to buildings and uses for which no valid building permit applications have been filed. Upon issuance of a building permit, the provisions of G.S. § 160D-403(c); -1109 and G.S. § 160D-403(f); -1113 shall apply except that a building permit shall not expire or be revoked because of the running of time while a vested right under this Article is outstanding. Any development constructed pursuant to a *zoning permit* with vested rights for which the vested term has expired and which is not in conformance with all the terms of the Ordinance because of changes made in the provisions of this Ordinance, including the zoning map, after the issuance of the permit shall be subject to the provisions of this Ordinance relating to non-conformities the same as any other nonconformity.

7.13-11 Annexation Declaration. Any landowner who signs an annexation petition to the Town pursuant to G.S. § 160A-31 or G.S. § 160A-58.1 shall, as part of that petition, file a signed statement declaring whether or not vested rights with respect to the property subject to the petition have been established under G.S. §§ 160D-102; -108(d). If the statement declares that such rights have been established, the Town may require petitioners to provide proof of such rights. A statement which declares that no vested rights have been established by law shall be binding on the landowner and any such vested right shall be terminated.

7.14 Notices and Public Hearings

7.14-1 General notice requirements.

(A.) All notices which this Article requires for public hearings or public meetings shall identify the date, time and place of the public hearing/public meeting and the nature and character of the proposed action. Where the action being taken concerns a particular property or

properties, the notice shall also identify the location of the subject property.

- (B.) Where specific notice requirements are set forth in the North Carolina General Statutes for a particular type of public hearing, the requirements set forth in the North Carolina General Statutes shall be followed. Where these requirements conflict with procedures as stipulated in this Sub-section or elsewhere in this Article, the requirements contained in the North Carolina General Statutes will control.

7.14-2 Notice procedure. The following guidelines detail the notification procedure to be followed for public hearings required by this Article unless otherwise set forth in this Article. Failure to follow procedures set forth in this section, other than those required by the North Carolina General Statutes, shall not affect the validity of any action taken at a public hearing or public meeting. (G.S. §§ 160D-601; 160D-102; -406; -603)

- (A.) Published notice. Notice for public hearings required by this Article shall be published in a newspaper of general circulation within the Town of Stallings.

- (B.) Mailed notice. First class mailed notice for public meetings or public hearings required by this Article shall be provided to owners shown on the County tax listings. The owner of the subject parcel of land as shown on the county tax listing, and the owners of all parcels of land within five hundred (500') feet of that parcel of land as shown on the county tax listing, shall be mailed a notice of a public hearing on the proposed amendment by first class mail at the last addresses listed for such owners on the county tax abstracts. (*Amended September 23, 2019*)

- (C.) Posted notice. A sign (or signs) providing information concerning a public hearing or public meeting required by this Article will be posted on property which is the subject of said hearing/meeting. The sign(s) shall be prominently placed on the subject parcel or on an adjacent public street or highway right-of-way. When multiple parcels are involved, a posting on each individual parcel is not required, but the Town shall post sufficient notices to provide reasonable notice to interested persons.

7.14-3 Special notice requirements for telecommunications towers/structures. For any public hearing for special use applications for telecommunication towers as required by Section 10.2-14 hereinafter,

additional notice and public hearing requirements shall be provided as set forth in Section 10.2-14 of this Ordinance.

7.15 Development Agreements

7.15-1 Authorization and Applicability.

(A.) The North Carolina General Statutes authorize the use of Development Agreements for the development of land in accordance with the criteria and procedures established in G.S. § 160D-1001.

(B.) In addition to any *Development Agreement* proposed for an eligible project, a *Development Agreement*, established pursuant to Sub-section 7.15-3 of this Ordinance, shall be required as part of all projects that are larger than twenty-five (25) acres in size.

7.15-2 Content of Development Agreement

(A.) A description of the property subject to the agreement and the names of its legal and equitable property owners. The development agreement shall identify the property to which the agreement shall apply by survey, plat, and parcel numbers attached to the agreement as “Exhibit A”.

(B.) The duration of the agreement. However, the parties are not precluded from entering into subsequent development agreements that may extend the original duration period.

(C.) The development uses permitted on the property, including population densities and building types, intensities, placement on the site and design.

(D.) A description of public facilities that will serve the development, including who provides the facilities, the date any new public facilities, if needed, will be constructed, and a schedule to assure public facilities are available concurrent with the impacts of the development. In the event that the development agreement provides that the local government shall provide certain public facilities, the development agreement shall provide that the delivery date of such public facilities will be tied to successful performance by the developer in implementing the proposed development (such as meeting defined completion percentages or other performance standards).

(E.) A description, where appropriate, of any reservation or dedication of land for public purposes and any provisions agreed to by the developer that

exceed existing laws related to protection of environmentally sensitive property.

(F.) A description, where applicable, of any conditions, terms, restrictions, or other requirements for the protection of public health, safety, or welfare.

(G.) A description, where appropriate, of any provisions for the preservation and restoration of historic structures.

(H.) The development agreement shall establish the period of time for completion of the development and construction of the project subject to the agreement.

(I.) The development agreement may include mutually acceptable terms regarding provision of public facilities and other amenities and the financial responsibility for their provision, provided any impact mitigation measures offered by the developer beyond those that could be required by the local government pursuant to G.S. § 160D-804 shall be expressly enumerated within the agreement, and provided the agreement may not include a tax or impact fee not otherwise authorized by law.

7.15-3 Procedures for Entering into Development Agreements.

(A.) The development agreement shall be drafted in a format as directed by the Development Administrator. The development agreement shall then be presented to the *Planning Board* for a formal recommendation at a regularly scheduled meeting. Said meeting shall be held prior to notification for a public hearing by the Council.

(B.) The development agreement and the *Planning Board* recommendation shall be published for public inspection and notification and shall be made in accordance with the provisions of G.S. § 160D-602. Mail notification will sent to property owners within five hundred (500') feet of the proposed Development Agreement.

(C.) The notice for the public hearing must specify the location of the property subject to the development agreement, the development uses proposed on the property, and must specify a place where a copy of the proposed development agreement can be obtained.

(D.) The development agreement shall be presented at a Public Hearing allowing an opportunity for the public to comment on the proposed

development agreement. The information presented at the Public Hearing shall be considered by the Council in formulating its decision on the approval of an ordinance authorizing approval of said agreement.

(E.) Upon finding that said agreement is in the best interest of the Town of Stallings, the Council may by adoption of an ordinance adopting the development agreement and authorizing its execution by the Mayor, approve such agreement to be administered in full force and effect by the *Development Administrator*.

(F.) The development agreement shall be recorded in the office of the Register of Deeds of the county in which the subject property is located within fourteen (14) days of execution and prior to the issuance of any development permits authorizing development activities to commence.

(G.) Project Evaluation. The process used for evaluating a project and beginning the Development Agreement Process is as follows:

| Table 7.1 – Project Evaluation | |
|---|--|
| Phase 1: Project Evaluation | |
| <i>Concept Plan/Application Submitted</i> | |
| <p>Facilitated Town Technical Review of Proposed Development</p> <p>Considerations: Submitted site plans, application, comprehensive land use plan, small area plans, UDO, engineering data, public works data, fire/police/safety data, school enrollment data, any other data that staff feels is necessary to evaluate the project.</p> <p>Who Is Involved: Staff led technical review may include town planning staff, town engineer, town manager, police chief, fire marshal office representative, public works department, UCPW, legal counsel, any other person(s) staff sees as necessary for review of the project.</p> <p>Outcome: Written comments/information provided to applicant to start discussion of development agreement.</p> | |
| Phase 2: Staff Agreement Negotiations* | |
| <i>Staff Level Negotiations with Applicant</i> | |
| <p>Begin negotiation of an agreement for long-term trade-offs and benefits of a development with Staff.</p> <p>Considerations: Comments/Considerations from Phase 1, developers’ comments/response to phase 1 requests, discussion of requested items/improvements</p> <p>Who Is Involved: Planning Staff, Town Engineer, Town Manager, Applicant, Legal Counsel and Land Use Consultant as necessary</p> <p>Outcome: Draft Development Agreement</p> | |

| |
|--|
| *May require multiple meetings |
| Phase 3: Council Sub Committee Agreement Negotiations* |
| <i>Council Sub Committee Level Negotiations with Applicant</i> |
| <p>Presentation of Draft Agreement to a Council Sub Committee. Council Sub Committee receives draft agreement and may negotiate directly with the applicant.</p> <p>Who Is Involved: Town Council Sub Committee made up of three council members as follows: Committee 1: Council Members from Districts 1 & 6 Committee 2: Council Members from Districts 2 & 5 Committee 3: Council Members from Districts 3 & 4 The third Committee Member will be from the district in which the development is occurring.</p> <p>Also involved will be the Applicant, Planning Staff, Town Manager, Legal Counsel and Land Use Consultant as necessary. A rotating schedule for which subcommittee serves will be created and provided to Council. **</p> <p>Outcome: Draft Development Agreement</p> <p>*May require multiple meetings</p> <p>** If the project falls within the district of a subcommittee member assigned to that rotation, the next subcommittee in the rotation will review to ensure three-member participation.</p> |
| Phase 4: Planning Board Review |
| <i>Planning Board Level Negotiations with Applicant</i> |
| <p>Presentation of Draft Agreement to the Planning Board</p> <p>Considerations: Draft Development Agreement</p> <p>Who Is Involved: Planning Staff, Town Engineer, Town Manager, Applicant, Legal Counsel and Land Use Consultant as necessary</p> <p>Outcome: Draft Development Agreement Recommendation</p> |
| Phase 5: Council Agreement Negotiations* |
| <i>Council Level Negotiations with Applicant</i> |
| <p>Presentation of Draft Agreement to entire Council. Council receives draft agreement and may negotiate directly with the applicant.</p> <p>Who Is Involved: Entire Town Council, Applicant, Planning Staff, Town Manager, Legal Counsel and Land Use Consultant as necessary.</p> <p>Outcome: Final Development Agreement</p> <p>*May require multiple meetings</p> |
| Phase 6: Public Hearing |
| <i>Public Hearing/Council Decision</i> |
| <p>Required public hearing held and negotiated agreement adopted by Town Council.</p> <p>Who Is Involved: Town Council, Applicant, Planning Staff, Town Manager, Legal Counsel</p> <p>Outcome: Council Decision/Finalized Agreement</p> |

(Amended October 8, 2018)

7.15-4 Administration of Development Agreements and Termination for Material Breach.

- (A.) The development agreement shall run with the land obligating the parties to the agreement to any and all stipulations therein and may only be amended in accordance with the laws of North Carolina governing such agreements as stipulated in Section 7.15-1 herein.
- (B.) The *Development Administrator* shall conduct a periodic review at least every twelve (12) months, at which time the developer is required to demonstrate good faith compliance with the terms of the development agreement. If, as a result of a periodic review, the *Development Administrator* finds and determines that the developer has committed a material breach of the agreement, the *Development Administrator* shall notify the developer in writing setting forth with reasonable particularity the nature of the breach, the evidence supporting the finding and determination, and provide the developer a reasonable time in which to cure the material breach.
- (C.) If the developer fails to cure the material breach within the time given, then the Town of Stallings may unilaterally terminate or modify the development agreement; provided the notice of termination or modification may be appealed to the board of adjustment in the manner provided by G.S. § 160D-405.
- (D.) A development agreement adopted pursuant to this Section shall not exempt the property owner or developer from compliance with the State Building Code or State or local housing codes that are not part of this Ordinance.
