***Disclaimer:** All zoning applications are public records and by providing the above information, you agree that said information can be released to the public by request.

All driveways shall be paved surfaces within the public right-of-way. Driveway design must be developed to NCDOT or Town of Stallings standards. Application must be accompanied by a site plan developed by a licensed surveyor or engineer. This plan must show details of proposed driveways including:

- proposed width and radius
- (if applicable) pipe length, size, material, and end treatments
- adjacent property lines
- locations of driveways on adjacent properties
- existing and proposed buildings
- existing trees
- parking areas and roadway features
- existing utilities
- existing street signs (if any)
- any other information required by the Town Engineer

Owner/Applicant Statement:

I hereby certify that all information provided in this application is accurate to the best of my knowledge, and I acknowledge compliance with all requirements of the Town of Stallings Ordinances.
