Officers responded to a local motel regarding a complaint of a subject experiencing a severe mental health crisis who had barricaded himself inside a room. Officers were advised the subject made statements requesting "suicide by cop" and expressed other delusional thoughts, significantly increasing the potential for the situation to escalate.
Officers carefully assessed the circumstances and developed a plan to safely resolve the incident while protecting the subject, officers, and others in the area. Based on the subject's statements, behavior, and the immediate circumstances, officers determined that intervention was necessary. Officers entered the room through a window that the subject had previously broken during an earlier event. Their quick actions and coordinated response allowed them to gain control of the situation and safely take the subject into custody without injury to the subject or officers. An Involuntary Commitment was issued, ensuring the subject could receive the appropriate mental health care.

The SPD unwanted medication disposal unit was launched in September 2020. This month the department collected less than one pound of unwanted medication.
