

What is a Community Shred-it Event?

Community Shred-it events raise awareness about identity theft and fraud by reminding neighborhood residents about the importance of securely destroying personal documents. They are held in communities all over North America and offer neighborhood residents with an opportunity to have their personal documents destroyed for free or for a nominal fee, by on-site shredding trucks. Shred-it branches hold their own events or partner with community agencies to raise funds for various charitable causes.

In a single day, one Community Shred-it Event can serve as many as

2,000+
COMMUNITY MEMBERS
and recycle more than
70 TONS OF PAPER

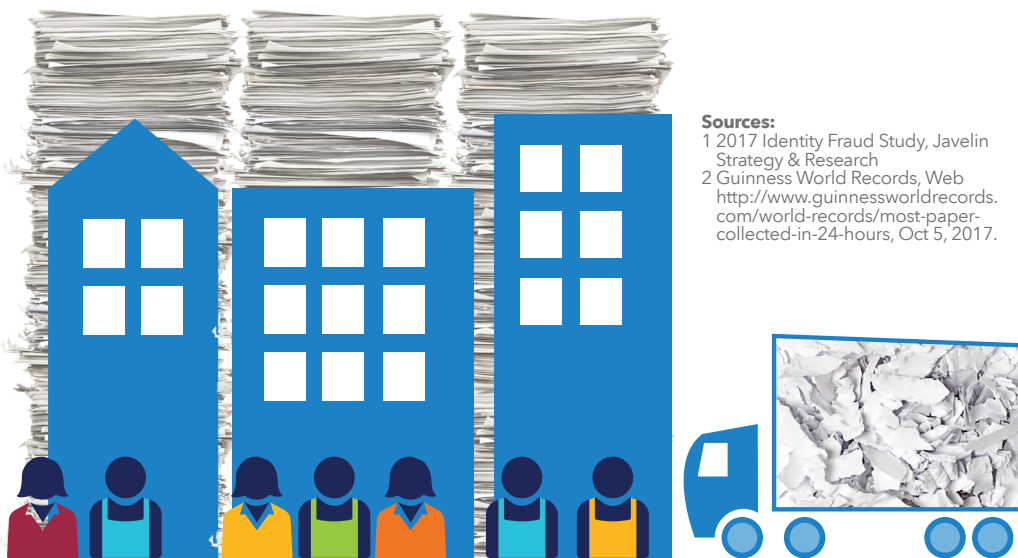

Shred-it is also proud to co-own
**THE 2017 GUINNESS
WORLD RECORD**
for the most amount of paper
collected in 24 hours at

898,931 LBS
